## **DETAILED ACTION**

### ***Information Disclosure Statement***

1. The examiner of record has considered the information disclosure statement (IDS) that was submitted on 12/10/03.

### ***Allowable Subject Matter***

2. Claims 1-10 are allowed.
3. The following is an examiner's statement of reasons for allowance: as to claims 1-10, patentability resides, at least in part, in the anchoring apparatus comprising a data storage device having a plurality of cavities located on lateral sides; a sliding member being arched shape and including a compression section at the apex of the arched sliding member, a sliding section, a plurality of coupling members and a latch mechanism; and a dock having a sliding track, a anchor, and a coupling mechanism, in combination with the other limitations of the base claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Please note the teachings of Singer et al. (4960384), Johnson (5683159), Babb et al. (5332306), Andrews (4979909), Chen et al. (6313985), Chen (6388875), Curlee et al.

(6600648), and Reznikov et al. (6798650). It is noted that the prior art of record fails to teach and/or fairly suggest the claimed invention as set forth by claims 1-10 of the present application. Therefore, the examiner of record deems claims 1-10 allowable over the prior art of record.
